September, 2015

Dear Parent/Guardian,

On behalf of the faculty, staff, and administration of Mooresville High School, I would like to thank you in advance for reviewing our North Carolina School Report Card. This past school year our teachers and students worked incredibly hard inside and outside of the classroom to learn the Common Core content and standards that have been put in place by North Carolina.

In 2014 - 2015, Mooresville High School exceeded growth among our students in our state tested areas. We saw an increase in our proficiency rates in our Math I and English II End of Course (EOC) exams and, overall, we maintained our proficiency rate from the previous year as a school. We are focused on getting all of our students to a proficient level under the state learning standards as we strive to meet the needs of all of our students.

We are continuing to provide our students with an opportunity and environment that is second to none in the country, using 21st century tools. Each of our students are issued a laptop computer to be used 24/7 throughout the school year. Our students in Mooresville have an advantage that many other students do not, and the opportunities afforded to our students have translated into positive gains in all areas. We appreciate your support and hope you will come see all the great things happening here at MHS.

Here you will find the NC School Record Card for 2014-2015 school year. Please take some time to review our accomplishments. We have used this data to drive our improvement efforts for this school year. You may also view the full report card at [www.ncreportcards.org](http://www.ncreportcards.org)

Sincerely,

Michael Royal  
Principal, Mooresville High School
