

Nutrislice Menus

How this new tool is changing school nutrition

What's this all about?

Your district is now using Nutrislice to publish the school menus. But Nutrislice doesn't just publish school menus in an ordinary way- it publishes them to a website and a free smartphone app! Now you can access your menus literally everywhere.

In order to see your menus you can visit broward.nutrislice.com or you can visit Google Play for Androids and the App Store for iPhones. Search for Nutrislice and download School Lunch by Nutrislice.

Bacon, Egg & Cheese Biscuits

Our signature sandwich is made with a protein-rich egg patty with lean bacon and a slice of melted American cheese, held together by a fluffy biscuit.

Once you've downloaded the app onto your smartphone it's time to put it to use!

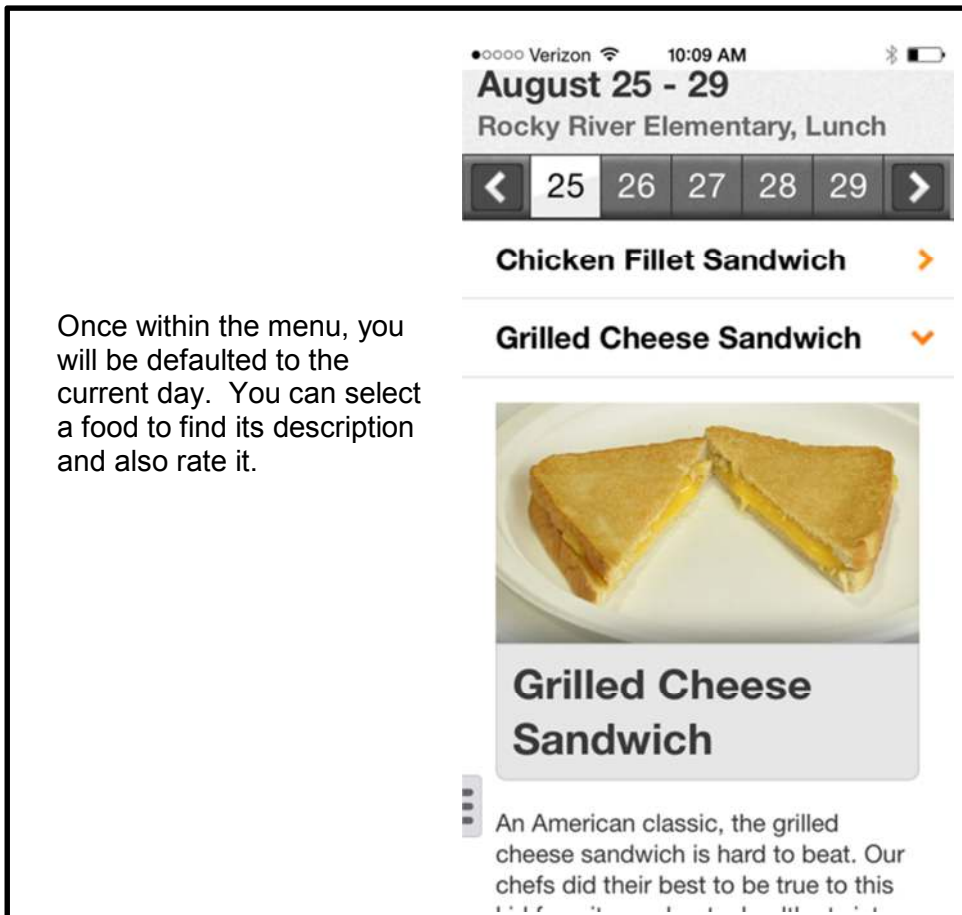

The screenshot shows two screens from the app. The first screen displays a list of US states: IN, KS, KY, MA, ME, MN, NC, NJ, OK, OR, and PA. The second screen shows the 'nutrislice' logo and a 'Choose your school district' section with 'Mooreville Graded School District' selected. Below this, there is a note: 'If your school district isn't listed, your menus are not yet available in School Lunch by Nutrislice. Please contact your school district to let them know you'd like your school's menus included. Thanks for the help - we're always looking for new districts. :)

Below the 'Grilled Cheese Sandwich' is a photo of the sandwich and a description: 'An American classic, the grilled cheese sandwich is hard to beat. Our chefs did their best to be true to this'.

Once within the menu, you will be defaulted to the current day. You can select a food to find its description and also rate it.
